

What Brandon community leaders are saying about BloodNetUSA...

In 1997, BloodNetUSA began supplying the blood needs for patients in Eastern Hillsborough county including Brandon Regional and South Bay Hospitals. The Brandon office and donor room is located at:

BloodNetUSA Brandon Office

1905 West Brandon Blvd. (in Providence Plaza)
813-684-3326

I am a firm believer in keeping the blood collected from residents of the Brandon area in this area. BloodNetUSA provides the blood needs for patients in need at Brandon Regional Hospital through the efforts of volunteer blood donors from this area. Bloomingdale High School supports this lifesaving effort.

Ms. BJ Stelter
Principal, Bloomingdale High School

**BloodNetUSA donors help save lives
in their community**

BloodNetUSA is the sole provider of blood for Brandon Regional Hospital and South Bay Hospital. It is a relief to know that BloodNetUSA consistently meets all our needs, and it is vitally important to support our local community's blood supplier, BloodNetUSA.

Chris M. Nussbaum, M.D.
Synergy Medical Group, P.A., Medical Director and CEO
Hospitalists

For the past several years, BloodNetUSA has provided blood for my patients at Brandon Regional Hospital. They have always been able to have the correct product on hand for surgeries and handle my patients that prefer autologous donations (donating for their own surgery) with the utmost efficiency.

Dr. Tom Davison
Florida Orthopaedic Group, Brandon

BloodNetUSA has supplied all blood products for Brandon Regional Hospital since 1997. BloodNetUSA has been able to meet the hospital's growing needs for expanded ER services and open heart surgery. Although there is always a need to increase the blood donor base, BloodNetUSA has been able to meet the inventory needs of Brandon Regional Hospital without shortages and surgery cancellations. Service levels are consistently high and, as community partners, we will focus our efforts on community awareness and higher participation in blood drives.

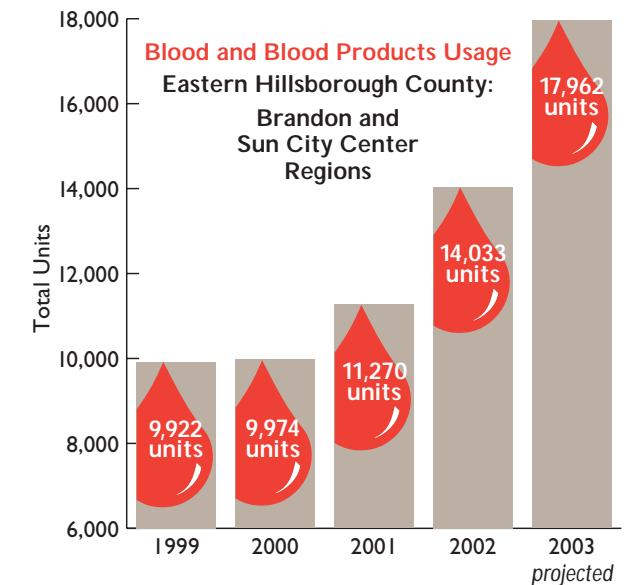

Pam Hargrave-Thomas, MBA, MT, (ASCP), DLM
Brandon Regional Hospital

Our blood...for our community

As a member of the Board of Directors of Brandon Regional Hospital and a member of the Brandon community I realize the importance of volunteer blood donors. I support the efforts of BloodNetUSA as they recruit donors from this area to supply the blood needs of our community.

Senator Tom Lee
The Florida Senate, Brandon

BloodNetUSA...the sole provider of blood for Brandon Regional Hospital
